

# CANADIAN LASER MASTER CHAMPIONSHIPS\*\*

2017

Wabamun Sailing Club  
Alberta

**Training: 15 – 17 August**

**Regatta: 18 – 20 August**

The Wabamun Sailing Club is located approximately 45 minutes west of Edmonton, capital of Alberta.

Lake Wabamun, 12 miles long and 4 miles across, lies in an east-west direction and with the predominant wind direction being NW/W. With the right wind, we have great surfing opportunities – pretty awesome for a prairie lake!

Our Race Committee, headed by an International Race Officer, is assisted by certified and experienced race officers and mark layers.

The location is outstanding if you are interested in making this a vacation trip with your significant other/family/friends. Head out and explore the cultural and geographic diversity found throughout our beautiful province – but keep a lookout for dinosaurs!

Onsite camping is encouraged!

Notice of Race and further information will be posted soon at:  
<http://wabamunsailingclub.com>

\*\* This is an OPEN event. Laser sailors of all ages and all nationalities are welcome. Come for the training days and the regatta or just for the regatta itself.
