

COVID-19 Site Protocol Overview

With the spread and ongoing concerns related to the Coronavirus (COVID-19), Wabamun Sailing Club (WSC) has decided to take the following extra precautions to ensure the health and safety of our members, their families and our surrounding community. This document will be updated as new information is available to the public and WSC.

Current Limits in effect at WSC according to current AHS Public Health Measures;

Club grounds and campground:

- All members attending the club must [sign-up on the volunteer website](#) for each day before they are at the club, no drop-ins allowed. [Click Here](#)
- Open to members only for personal recreational sailing only. No guests allowed at this time.
- RV stall owners can use their RVs, however, must adhere to all current AHS restrictions, including no indoor social gatherings.
- No club-organized outdoor social gatherings
- Any outdoor gathering must adhere to all public health measures, including a maximum of 5 people made up of no more than 2 family cohorts.
- Masks required in any indoor common space; bathrooms, kitchen, boathouse.

All sailing is at sailor's own discretion. Until regular club operation can resume, no Officer of the Day will be assigned for weekend sailing. The decision to sail rests solely on each skipper.

Washrooms: Limited Access. Only two members, or 1 cohort (parent and children), allowed at one time in both the male and female washrooms. Physical distancing in the washrooms must be maintained. **Masks must be worn.**

Kitchen: Limited Access. Limited to access for washing dishes, storing food in the fridge or freezer or limited use of the microwave or ovens. Cooking meals is not yet permitted. Eating in any common indoor space is prohibited. The maximum number of people allowed in the kitchen is 1 member or 1 cohort. **Masks must be worn.**

Clubhouse main room and upstairs: Closed.

Sailing School: Per AHS Guidelines, Sailing school lessons are not available

The following is the minimum daily expectation at WSC:

- Self-assess for symptoms and actions to take using the [AHS Alberta Health Daily Checklist](#).
- Practice proper hygiene and wash your hands frequently throughout the day.
- Ensure you are wiping down high contact areas after utilizing any part of the club house.
- Practice "social and physical distancing" between yourself and others both inside and outside of the clubhouse. Two (2) meters is the recommended distance.
- Unless sailing with members of the same household, or in a sporting cohort as defined by AHS, maintain a distance of 2 meters at all times.
- If there are any tasks or activities that will involve two or more members having to work in close proximity, appropriate PPE, including masks, must be worn.
- Sharing of tools, equipment and gear must be reduced and only take place after all parts of the items that will be shared are wiped down and sanitized.
- Any WSC members not following WSC or AHS protocols are subject to appropriate disciplinary actions, which may include termination of membership.
- If you develop symptoms while at the club, return home immediately and notify any member of the Executive by phone call or email.
